

# The Corner Post

AGRICULTURE VICTORIA

A weekly phone-in panel session to support farmers in the North East with information and advice

North East farmers are invited to join a weekly discussion session with the Agriculture Victoria team to discuss local farm management issues and agricultural recovery.

The Corner Post is a series of 30-minute informal discussion sessions held via phone hook-ups, covering a range of seasonal farming topics over six weeks.

Issues covered include:

- Animal health
- Fencing
- Soil fertility and pasture production
- Beef market outlook
- Business/financial planning
- Season outlook

Technical specialists will be available each week to answer questions, along with local specialists to offer their unique perspective.

You'll also have the opportunity to discuss issues with other farmers.

Further sessions on topics such as fodder conservation can be arranged on request.

Individual follow-up sessions can be provided.
